

Eastmont School District
Health Services

Eastmont Health Services Department provides a comprehensive program of services that encompasses prevention, early detection and management of health and safety issues by providing health services, health education and a healthy environment for the students and staff of the Eastmont School District.

Eastmont School District Health Services employs three school nurses and the office is located at Sterling Intermediate School.

Nurses' Locations:

Kathleen Robb, RN	Annie Gerber, RN	Karen Hughes, RN
Eastmont High School	Wee Wildcat Preschool	Grant Elementary
Eastmont Jr. High	Cascade Elementary	Lee Elementary
Eastside Alternative School	Kenroy Elementary	Rock Island Elementary
	Clovis Intermediate	Sterling Intermediate

Please contact Eastmont School District's Health Services at 888-1480 if you would like to talk directly with your child's School Nurse.

If you need to fax any information to Health Services please fax to 888-1485.

The Role of the School Nurse:

- develop Emergency Care Plans (ECP's) for students with life-threatening situations (e.g., severe asthma, seizures, bee stings, nut allergies and diabetics)
- develop Individual Health Plans (IHP's) for medically fragile students
- care for students who become ill or injured at school
- provide input and training for staff in working with student's and their individual health needs
- act as a liaison with families, students and the medical community
- State mandated screenings for vision and referrals
- assisting families in accessing medical and dental care
- closely work with the local public health department in the prevention and management of communicable diseases
- play an active role in assisting with the development of 504 accommodation plans and special education placements to ensure students with substantial disabilities have equal access to education
